

# TF FLOOR 2180

## Sealant system

Rapid, coloured sealant system for light to moderate mechanical loads.

### Application

- Storage rooms
- Corridors in production halls
- Technical equipment rooms
- Renovation coats

### Property profile

- Abrasion-resistant
- Full hardening from 3 °C
- High mechanical durability
- Glossy surface

### Downtime

- For the user (at 20 °C): 4 hours

### Test certificates \*

- Chemical resistance list
- Physiological safety (QP 100 / QP Color)

System layer thickness:  
approx. 0.5 mm

Structure	Product/Details	Application rate
1 Primer	QP Primer	p. 72 ~ 0.30 kg/m <sup>2</sup>
Levelling (optional)	QP 100 + filler e.g. Selectmix 01/03	p. 73 ~ 0.85 kg/m <sup>2</sup> /mm p. 96 ~ 0.85 kg/m <sup>2</sup> /mm
2 Roll-on coating	QP Color	p. 87 ~ 0.30 kg/m <sup>2</sup>
Blinding (optional)	Color Flakes	p. 100 ~ 0.02 kg/m <sup>2</sup>
